Driven To Rail.

w York, June 15.—The Slocum from the foot of Third street, river, shortly after nine o'clock. exact point she had reached when ames were discovered in the for- part of the boat was off the ken Meadows" at the extreme end of Randall's Island. So quick the spread of the flames that the ain of the Slocum could not turn was forced to make head on for Brother Island, under full steam. the time the Slocum reached One red and Thirty Fifth street, the rsionists, driven to the rail, many em with their clothing on fire, be- to jump over board by twos and s. When 138th street had been hed, the heat from the fire had be- so intense that men, women and dren plunged overboard by the e. There was a terrific crash when boat was beached at the reef at northern end of North Brother Is- , where she rapidly burned to the r's edge.

is said the fire started in the h counter in the forward part of boat. When the alarm spread ng the passengers the hurricane k was crowded and when off 138th street, this deck collapsed. Many persons were thrown into the water, but hundreds were precipitated onto the lower deck which was itself a mass of women and children.

Heroic Work of Unknown.

A tug of the New York Central railroad saved nearly a score through the heroism of some unknown man. This man stood on the paddle-wheel box of the Slocum and passed women and children to the tug until he was driven back by the flames. He then jumped into the [illegible] police nor firemen when they arrived waited to remove coats or clothes, but jumped overboard and saved a great many who would otherwise have drowned. Many of the bodies recovered were horribly burned. Wreckers say that it will be hours before the fire in the hold of the boat is out and the bodies there can be recovered. Both firemen and wreckers say that the greatest loss of life, extending into the hundreds will be found in the hold.

Witnessed By Thousands.

The disaster was witnessed by thousands of people from both shores of the river, and as rapidly as possible hundreds of small boats and launches set off to render assistance. With the boat burning under his feet, the captain stuck to his post in the pilot house, and the engineer remained at his post below deck until the boat was beached at the lower end of North Brother Island off Port Mortys. Even the passengers were not in a safe position for they were some distance from shore and the boat was a furnace. Hundreds of small boats were scattered about and picked up those who jumped overboard as rapidly as possible. It is estimated that between 400 and 500 persons sprang into the water.

An eye witness said that the greatest loss of life was due to the collapsing of the heavy upper deck. It fell with a crash soon after the fire started, crushing hundreds of persons who had gathered on the lower deck.

It was then that the greatest panic ensued amid the living stream of persons going over the rail into the water. As far as eye witnesses can determine the flames originated on the forward part of the boat. Persons who saw the accident from the shore say that almost instantly persons who occupied places on the forward deck began to jump overboard. Policemen in the Bronx and Harley saw the blazing boat steaming up the river and immediately began to turn in alarms for ambulances and fire boats.

All the boats at North Brother Island were sent to the assistance of the people in the water and as fast as they were brought ashore were cared for in the pavilions there. The patients in the hospitals on the island became almost insane from fright and the terrible scenes they had witnessed.

The current in the East river at this point is very strong, and scores of little ones were sucked in by the whirlpools at Hell Gate. One man who went out in a row boat said that he saw at least 50 children perish in this whirlpool before he could reach them.

100 Doctors Give Aid.

There are forty bodies on North Brother Island, eighteen on Fire Boat Seopher Mills, and eleven on Riker's Island. The board of health has sent 100 doctors and 500 policemen are on the scene.

Slocum Recently Inspected.

The excursion was in charge of the social committee of the church, headed by Miss Mary Abendschein. In the minister's party, his son said, were the pastor, Miss Abendschein, assistant superintendent Carler, Wm. Schafer, the pastor's daughter Gertrude, his sister, Miss Emma Haas and W. B. Tetamore.

At the office of the U. S. Steamboat Inspection Bureau, it was said the General Slocum was inspected on May 5, and was reported to be in thoroughly good condition and ready for the excursion season. Aboard the steamer was all the life saving apparatus required by law of steamers of her capacity.

The General Slocum's licensed captain is Captain W. H. Van Schaick, one of the oldest excursion captains in New York harbor waters.

GRAPHIC

Story Giving Details of the Horrible Calamity.

When the police headquarters received the first vague report of the disaster every source of succor and aid was utilized. The hospitals were notified by telephone and each sent all available surgeons, nurses and ambulances to the scene.

The police reserves of a half dozen stations were hurried out, and more than fifty patrol wagons were sent for ambulance purposes.

North Brother Island, where the Slocum was beached, is occupied by municipal charity hospitals and a considerable number of physicians and nurses were immediately available.

Many of those picked up alive in the river will die in the hospitals. Most of them were frightfully burned, having delayed leaping from the boat until their clothing was on fire. Some died in the improvised ambulances in which they were hurried from the shore.

Every man on board who could swim went overboard loaded [illegible] with children. Many of these heroes lost their lives. John Edell, 11 years old, one of the survivors of the disaster gave the following account of his terrible experience, his mother and little brother being drowned before his eyes:

"When we left the pier the decks were packed to the limit of their capacity. The band was playing, the children were frolicking about and we were all looking forward to a fine time. As we neared Hell Gate, the children were called down to the lower deck where ice cream and soda water were served. With my mother and my little brother Paul, I went to the engine room to watch the machinery.

"Suddenly and without the least warning there was a burst of flame from the furnace room that rushed up through the engine room and flashed out about us. The flames spread with the rapidity of an explosion, setting fire to the clothing of the women and children who were grouped about the engine room watching the machinery.

"There was the most terrible panic as the burning women and children rushed out among those surrounding the ice cream and soda water tables screaming with pain. In the terrific scramble my mother and little brother were swept from me and carried toward the side where the children and women with their clothes burning, had begun to jump into the river. The flames spread in bursts that soon had the entire deck enveloped.

"The crew were helpless to render any assistance or make efforts to check the advance of the fire. We were just passing out through Hell Gate when the fire started. The captain headed the boat toward North Brother Island and the pilots who were with him yelled frantically to us to stay aboard, until they beached the boat.

"But in a moment after the flames had burst from the engine room, great numbers began to jump overboard. The women were wild with fright and snatching their children to them, leaped into the whirlpool that carried them toward the rocks on both shores.

"I endeavored for a few minutes to break through the mad crush and get to my mother and little brother, but I was swept into one corner of the boat and held there unable to move.

"As the boat kept on her way the breeze drove the flames toward the after part of the ship, where those who in panic had not jumped overboard, were huddled together. It seemed but a few seconds before the flames had swept down upon the children who were struggling about the ice cream tables and set their clothing ablaze.

"They all rushed to the after part of the ship in a stampede that carried those who were near the rail overboard against their will.

"At one time it seemed to me as if the women and children were pouring over the sides like a waterfall. As we made for the shore the captain blew his whistle in one continuous blast and soon the boats all all descriptions were making for us from every side of the river.

"I was rescued by a launch just as the boat settled close to the shore.

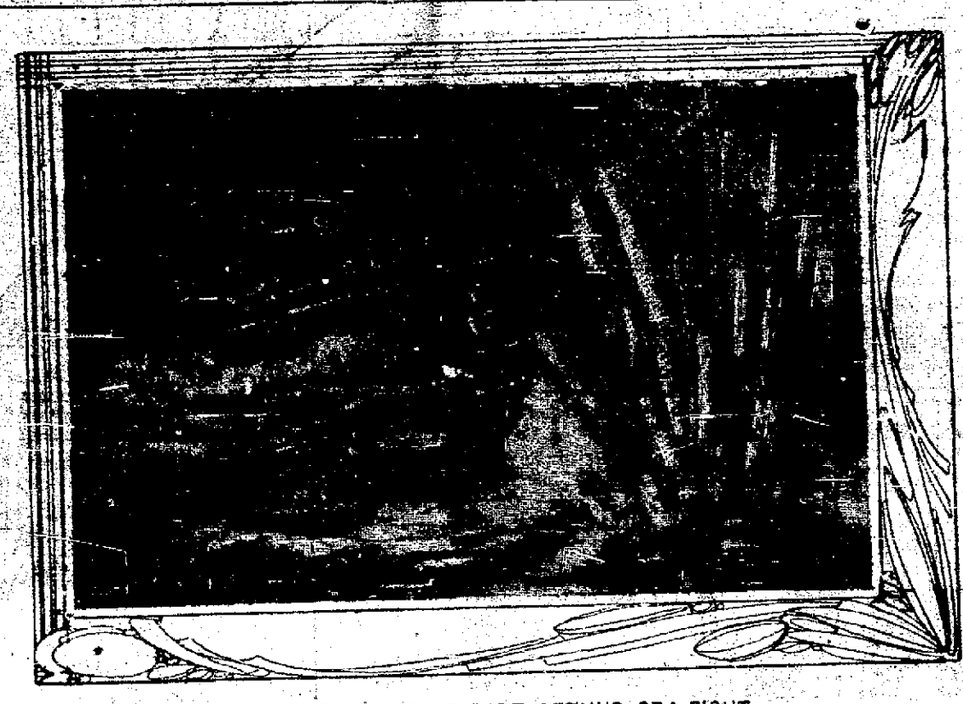

"When she was grounded, the flames spread over the entire upper and lower deck. There were only a few spots on the boat untouched by the flames and in these were piled up men and women, who had fainted and falling, pinned others to the deck.

and smoke away from them, when suddenly the deck fell in. After the cloud of smoke had drifted away, the observers looked back to where the crowd had been standing. The space was vacant. Many of the children were picked up by boats.

Very few of the children picked up had on life preservers. Children cannot get at the life preservers on excursion boats in this harbor. They are lashed to the ceilings over the decks and can only be reached by a tall person.

Paul Lehenow, one of the passengers who was on board says a ferry boat passed near the burning steamer, but offered no assitance. Two policemen who had been assigned to accompany the excursionists jumped from the burning steamer and reached the shore in safety. One of them was slightly burned.

CHINESE DRAWING OF PORT ARTHUR SEA FIGHT.

The Chinese have been watching with ill-concealed eagerness and pleasure the gradual discomfiture of the Russians. The Chinese newspapers have been filled with the most curious accounts of Russian defeats, but nothing has so far excelled this sketch (made from drawings on the spot by a Chinese artist) of the first big sea fight off Port Arthur. The oriental grotesqueness as to perspective values and the comparative size of men and inanimate objects is strongly brought out. The Chinaman who drew this was in Port Arthur and observed the combat, and afterward escaped to New Chwang, where he turned over his sketches to our correspondent at that point.

McSWEENY GOES FREE.

New York, June 15.—U. S. Commissioner Shields has discharged from custody, Edward F. McSweeney, former assitant commission of immigration at this port, who was charged with larceny of certain papers, alleged by the immigration of this to be official. In his very brief opinion, Commissioner Shields decides the government failed to make out a case of even probable cause and discharging the accused.

GOT ENOUGH.

Pittsburg, June 15.—Announcement was made unofficially that W. T. Graham, president of the American Sheet and Tin Plate Co., will retire on July 1, and that Mr. Graham will succeed F. A. Assman, president of the American Car Co., who is ill and recently went to Europe for his health.

WAR SHIPS IN KOREAN STRAITS

Engage In a Battle.

Portion of the Vlodivostok Sqadron Encounters the Japs.

Result of Fight Not Known.

Entrance to Port Arthur Has Been Cleared of Obstructions and One Russian Cruiser Ventures Out But Is Driven Back By Japanese Torpedo Boats.

ST. PETERSBURG, JUNE 15.—3:35 P. M.—NO INFORMATION IS OBTAINABLE HERE REGARDING THE REPORTED ENGAGEMENT BETWEEN THE RUSSIAN VLADIVOSTOK SQUADRON AND A JAPANESE SQUADRON IN THE KOREAN STRAITS. BUT IT IS QUITE LIKELY THAT A NAVAL FIGHT HAS OCCURRED OR IS ABOUT TO OCCUR. VICE ADMIRAL SKRYDLOFF HAS LEFT VLADIVOSTOK WITH THE ARMORED CRUISERS GROMOBOI, ROSSIA AND RURIK, AND SOME TORPEDO CRAFT.

LONDON, JUNE 15—A DESPATCH TO THE CENTRAL NEWS FROM TOKIO FILED THIS (WEDNESDAY) AFTERNOON, SAYS A NAVAL ENGAGEMENT IS NOW IN PROGRESS OF TSUSCHINA ISLAND, IN THE KOREAN STRAITS, BETWEEN THREE RUSSIAN CRUISERS, WHICH ESCAPED FROM VLADIVOSTOK, AND A NUMBER OF JAPANESE SHIPS. NO DETAILS HAVE YET BEEN RECEIVED.

TOKIO, JUNE 15.—THE ENTRANCE TO THE HARBOR AT PORT ARTHUR, HAVING BEEN CLEARED OF OBSTRUCTION, IS NOW OPEN FOR THE PASSAGE OF SHIPS IN AND OUT. YESTERDAY, THE RUSSIAN PROTECTED CRUISER NOVIK STEAMED OUT TO SEA AND ENGAGED WITH VESSELS OF THE JAPANESE BLOCKADING FLEET.

TOKIO, JUNE 15.—PRIVATE ADVICES HAVE BEEN RECEIVED HERE FROM KATSUMOTO, A TOWN AT THE NORTH END OF OKI ISLAND, IN KRUSENSTERN STRAIT, TO THE EFFECT THAT AN ENGAGEMENT WAS IN PROGRESS BETWEEN JAPANESE AND RUSSIAN WARSHIPS.

NAGASAKI, JUNE 15.—4 P. M.—A RUSSIAN NAVAL SQUADRON WAS LATELY SIGHTED OFF TOKUSHIMA KEN AND YAMAGUCHI KEN, AND SOUNDS OF FIRING, IT IS NOW STATED, WERE HEARD YESTERDAY, OFF OKI ISLAND.

NAGASAKI, June 15.—5 P. M.—A TELEGRAM RECEIVED FROM OKI ISLANDS, SAYS THAT THE JAPANESE WARSHIPS HAVE ENGAGED A RUSSIAN SQUADRON NEAR THERE AND THAT THE RESULT OF THE ENCOUNTER IS NOT YET KNOWN.

LONDON, JUNE 15.—THE CENTRAL NEWS DESPATCH ADDS THAT THE VLADIVOSTOK SQUADRON WAS FIRST REPORTED JUNE 14, FROM OKI ISLAND, (OFF KIOTO, JAPAN, IN THE SEA OF JAPAN). LATER IN THE DAY CANNONADING WAS HEARD NORTHWEST OF NAGATO, (ON THE JAPANESE COAST, IN THE STRAITS OF KOREA).

THE CAPTAIN OF A JAPANESE MERCHANT SHIP REPORTS THIS MORNING THAT HIS SHIP WAS FIRED UPON BY A RUSSIAN WARSHIP. HEAVY CANNONADING WAS HEARD THIS MORNING IN THE NEIGHBORHOOD OF OKI ISLAND, AND SUBSEQUENTLY CAME NEWS OF THE ENGAGEMENT ALREADY REFERRED TO IN THE TOKIO DESPATCH.

Reported Russian Victory.

New Chwang, June 15.—10 p. m.—There are persistent rumors here of severe fighting south of Kai Chou, which it is impossible to confirm. Of three trustworthy messengers sent out on the night of June 12, two returned, and the other is expected early tomorrow. The two who have returned, learned nothing except that the Russians are becoming more strict about allowing natives to pass through their lines.

Twenty hospital carts passed here this morning, traveling southward.

The trains are only running six miles south of Kai Chou. A report upon the very highest authority direct from Mukden says there are over 20,000 Russian troops there, with forty thousand additional men encamped at Liao Yang.

It is believed here that the Russians are moving a force of sixty five thousand men southerly to make it appear as though they were attempting to relieve Port Arthur, and that upon the first encounter with the enemy it will be withdrawn north again.

A private telegram received here by a German resident late this afternoon from Che Foo, said that the Japanese had suffered a severe defeat at Port Arthur, and the Russians in town are celebrating the news tonight. The Russian troops are now constructing a deep moat surrounding Liao Yang upon all sides, three miles from the town and are mounting artillery upon the adjacent hills.

Shipping arriving from Shanghai and Che Foo report passing a Japanese cruiser five miles out from Kai Chou.

Pat Has 200,000 Troops.

St. Petersburg, June 15.—1:40 p. m.—The appointment of Lieut. Gen. Leonidas Dembowski as commander of the first East Siberian army corps is evidence that larger reinforcements are to be placed at General Kuropatkin's disposal. The four corps originally formed of Siberian troops are mobilized in Manchuria and other drafts have been sent out to the far East. The organization of the new corps independent of the Russian corps, now ordered out from European Russia, shows that Kuropatkin now has almost two hundred thousand troops, irrespective of frontier and railroad guards, and that probably he has an effective army of 160,000 men at Liao Yang.

General Dembowski is a distinguished strategist. He participated in the Russo-Turkish war and was commander of the Grenadier corps after the war. Later he became head of the Paul infantry school and held that position until two years ago. Since then he has been on the personal staff of the war minister.

STILL THEY COME.

New York, June 15.—The steamer Friedrich Der Grosse, which arrived today from Bremen and Cherbourg, brought among her passengers 153 cut rate steerage passengers which were added to the great throng already at Ellis Island. The steamer reached the harbor last evening, but did not come up to her dock until today.

VERDICT

Gave the Erie Road Small Damages

And City Line Can Proceed to Extend Tracks.

An Appeal May Be Taken, But It Will Not Retard Construction If Money Is Paid Into Court.

At four o'clock yesterday afternoon the jury empaneled to decide the amount of damage to be paid the Erie railroad by the Lima street railway for a crossing in extending the St. Johns avenue line, returned a verdict and fixed the amount at $450.

The amount is considerably less than the Erie figured on if based on the evidence offered for the jury to calculate the loss and inconvenience.

Exceptions were taken to Judge Miller's ruling by the defendant's attorneys, which paved the way to an appeal to circuit court, but if an appeal is taken it cannot retard the construction of the city line's extension.

New Method Adopted.

The county commissioners have tried a new experiment in bridge building and if the result proves satisfactory, it will mean a saving in the future, especially if timber remains at its present high price. The bridge just completed by the East Iron & Machine Co., of Lima, over Honey Run, near Leatherwood, has a concrete floor, which is supported by its own weight.

In Probate Court.

In the inventory filed by the administrator of the estate of the late John D. Foye, the real and personal property is valued at $6,154.74.

GEN'L PAYNE IS STRICKEN.

Chicago, June 15.—Postmaster General Henry C. Payne, chairman of the republican national committee, collapsed at the auditorium annex today. Mr. Payne has not been in good health for some time. He recently took an ocean trip for purposes of recuperation. He was in his room when the attack came. His ailments are partly of an apoplic character. The time was shortly before the hour set for the convening of the republican committee over which Mr. Payne expected to preside.

NUPTIAL

Event at St. Rose Parsonage This Morning.

Miss Mary Lawlor Becomes Happy Bride of Mr. Jacob Hetrick. Start for St. Louis.

At seven o'clock this morning, the sun shone brightly on the plighting of the troth of Mr. and Mrs. P. H. Lawlor's daughter, Mary, to Mr. Jacob Hetrick, the ceremony being performed by Rev. A. J. Manning at St. Rose parsonage. The bride wore a pretty bridal gown of snowy white silk and her picture hat was also of white. The bridesmaid was Miss Anna Callahan, a cousin of the bride, and the groomsman Mr. Thomas J. Lawlor, brother of the bride. From the parsonage the wedding party proceeded directly after the ceremony, to the home of the bride's parents, on McKibben street, where an elaborate wedding breakfast was enjoyed. The happy couple left this afternoon for the World's Fair at St. Louis, and upon their return will be at home to their many friends at their cozy home on west High street.

Their numerous relatives and friends wish them God speed on their journey and a successful future.

FORD JURY DISAGREES.

Warren, O., June 15.—The jury in the trial of R. N. Ford, the Burton banker, charged with embezzlement, reported to the court today that it was impossible to reach an agreement. Judge Hole instructed the jury to make another attempt at finding some verdict.

THIS CITY

Will Be Represented in the National Eisteddfod.

At a meeting last night, the Lima Choral Society decided to enter in the competition for prizes at the national Eisteddfod which will be held in St. Louis on July 12. The society will go to the World's Fair city one hundred strong, the entry requirement being ninety voices, and will compete for the three big prizes of $5,000, $3,500 and $2,500.

TRAIN WRECKED.

Indianapolis, June 15.—Outgoing passenger train No. 46 on the Cincinnati division of the Big Four, was wrecked in the edge of the city today. The engine was overturned and the express was thrown from the track. Five trainmen were slightly injured. None of the passengers was hurt.

THE MARKETS.

New York, June 15.—Opening prices in the stock market today showed small gains over last night and the higher prices in London this morning helped the advance. M. P. led with a gain of ⅝. Otherwise the gains were limited to small fractions. There were some very heavy blocks of U. P. and S. P., transferred on the advance.

Heavy operations in a few stocks swayed the course of the general market, but the movement was narrow outside of the pivotal stocks. Profit taking in Metropolitan Street aRilway which cost it ⅝, turned the market downwards, but a later rise to 88 1-8 of Union Pacific carried it back down.

Toledo Grain.

Toledo, June 15.—Wheat, cash, 100; June 98; July 88¾; Sept. 86¾.

Corn, cash 50; July 50¼; Sept. 50¾.

Oats, cash 43½; July 41; Sept. 32¾.

Clover seed, cash 6.15; Oct. 5.22½ sold.

The Kangaroo Rat.

One of the queerest little animals of the antipodean wilds of the paradoxical continent of Australia is a little zoological oddity which the naturalists have called the kangaroo rat. It averages no larger than the common rodent of the Norway variety, but is a miniature kangaroo in every respect. Its mode of locomotion is precisely the same as that of Macropus giganteus. Besides this, the female carries its young in pouches which nature has provided for that purpose and in many other respects imitates the habits and characteristics of its gigantic relative.

No Room For Doubt.

DAMAGE

Wrought by Wind, Hail and Lightning.

Two Barns, North of City, Struck by Lightning.

Shade and Fruit Trees in the City Damaged by Winds—Hail Does Considerable Injury to Fruit and Corn.

The storm which struck this part of the country between the hours of 3 and 4:30 o'clock yesterday afternoon, was the most violent that has been experienced here this year, and considerable damage resulted, the most extensive perhaps being the injury to fruit and corn crops, as a result of the heavy wind and terrific downpour of rain and hail. Limbs were broken from trees in all parts of the city, and street railway traffic was slightly impaired by obstructions on tracks and wires and by damage done to some of the cars by lightning.

The barns of Jeff Berryhill, north of the city, on the Cairo road, and of a farmer named Staats, west of Beaverdam, were struck by lightning and were both burned to the ground. The extent of the losses could not be ascertained.

Just as the storm broke over the city, a portion of the walls and roofs of the three ice houses north of the McCullough lake collapsed, causing considerable damage.

TEN YEARS IN BED.

"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P., of Oakville, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could not get no relief until Foley's Kidney cure was recommended to me. It has been a God send to me." H. F. Vortkamp and W. M. Melville.

BULLETIN.

Canton, O., June 15.—Wm. A. Henderson, an electrician employed by the Canton Light, Heat and Power Co., was electrocuted this morning. While working on a pole he came in contact with a live wire and fell to the ground dead. He was 35 years of age and leaves a wife and two children.

WARNING.

If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. H. F. Vortkamp and W. M. Melville.

NEW ENGLAND ENTERTAINING

Delegates to National Conference of Charities and Corrections for Third Time.

Portland, Me., June 15.—For the third time in thirty years the national conference of Charities and Corrections has come to New England to hold its annual meeting and tonight will open its thirty-first yearly session in this city.

President Jeffrey R. Brackett, of Boston, has arrived and fully 1,000 visitors are expected before night, including representatives from Canada, the south and the Pacific coast.

Former Mayor Frederick E. Boothby, chairman of the local committee, will call the conference to order this evening and introduce Hon. J. B. Baxter, Mayor of Portland, who will welcome the members to the city. There will be other addresses and responses and an informal reception will then be held.

The first national conference on the education of backward, truant and delinquent children closed this forenoon with a symposium conducted by Mrs. Fannie French Morse. At the close the members visited the school for boys at Portland.

A blessing alike to young and old; Dr. Fowler's Extract of Wild Strawberry; nature's specific for dysentery, diarrhoea and summer complaint.

FOUNDERED DURING GALE.

Cruiser Tacoma Ordered to Search for Long Missing Sugar Laden Steamer.

San Francisco, June 15.—The cruiser Tacoma has sailed on a long cruise. Recent orders from Washington directed Captain Nicholson to go in search of the missing steamer Conemaugh, and in order to ascertain definitely the fate of the vessel, the Tacoma may go as far as the Eastern coast of the United States. The Conemaugh, laden with a full cargo of sugar, sailed from Honolulu last January, and after touching at Coronel, Chili, 20 days later, was never heard from. It is believed that she foundered off Cape Horn during a heavy gale.

If you neglect the stomach and bowels you are going to suffer from Nausea, Sick-Headache, Sleeplessness, Constipation, Dyspepsia and Indigestion. The Bitters will strengthen the stomach, keep the bowels open and prevent those ailments. Try a bottle.

Helpers' Notice.

No. 200 will meet in regular session Tuesday afternoon, June 21. Urgent business demands the attendance of all members. Lunch will be served.

Mrs. J. C. Johnson, secretary.

Two More Babies.

Mr. and Mrs. George Mumaugh, of south Jackson street, are happy over the arrival of a girl baby.

Frank Fanaff and wife have welcomed to their east Vine street home, a bouncing boy baby.

Search in Vain.

The body of Harry Buck, who was drowned at Little Rock, Arkansas, Sunday, has not yet been found, on account of high water. The young man's father, who is transacting business through the country, has not been notified of the sad affair, as he has not been located.

Lack of Enthusiasm.

Said a south side business man this morning. "Lima folks put up a great talk about celebrating flag day, and I'll tell you that I only noticed two flags floating yesterday, in the whole city. One at the central postoffice building, the other from the top of the M. E. Boysell block on south Main street. Maybe that's enough, but it looked like a mighty slim celebration."

Spencervillians Pass Through.

This morning two Western Ohio specials awaited the arrival of the east bound Erie train as an accommodation to the Spencerville fire department, band and rooters on their way to Wapakoneta to attend the firemen's convention. There were about 200 of them and the cars were packed. A banner on each car bearing the words "Spencerville, Ohio," apprised onlookers who the visitors were. Spencerville people certainly know what to do with their "police force" on such occasions. They had him carrying a large banner in order to keep him busy.

Changed Hands.

O. C. Boop has sold his interest in the grocery store at the corner of Second street and Tanner avenue to C. L. Davis. The transfer took place yesterday.

Moulder Injured.

Yesterday about noon William Hayes, of east Vine street, met with a very painful, but not serious accident. He was in the act of skimming a ladle of brass, when an explosion threw the seeking mass into the air, some of it striking his head, eyes and left arm. The accident was caused by a few drops of water having been sprinkled on the skimmer, by a boy. This is the second time Mr. Hayes has been badly burned in about the same manner.

Was Well Attended.

The Children's Day exercises at the south side Church of Christ, Sunday evening, was attended by a large and appreciative audience. The program was rather lengthy, but each number was enjoyable.

Brief Notes.

Next Sunday evening the Rev. Hagerman will address the local Pathfinders at Grace church. A special service.

Miss Ester Lannahan and Miss Belle Tracewell, of south Central avenue, are visiting friends near Waynesfield.

Mrs. A. J. Davis, of west Eureka street, has gone to Wellston, O., for an extended visit with her daughter, Mrs. Zelia Goddard.

Mrs. Mary J. Bartlett and son have gone to housekeeping on south Main street, south of the Locomotive works.

Mrs. J. C. Bolt, of St. Johns avenue, is a Celina visitor.

Mrs. Florence Edwards, of Denver, Colorado, failed to reach the L. Wheeler home, on east Kibby street, Monday, as expected. A letter explains the cause of disappointment. High waters in western states makes it unsafe to travel eastward.

Mrs. Bowman, of Lakewood avenue, will entertain the clerks from the Van Horn store this evening.

Mr. and Mrs. Chester Cole, of south West street, moved to Atlantic avenue, south of Kibby street, today.

Deshler friends are entertaining Mr. F. Porter, of south Lima.

Mrs. H. E. Kerr, of south Main street, is entertaining her daughter, Mrs. Iran Creps, and husband, of Westminster.

Frank Blancher has gone to Cross Forks, Pa., to work, and his family goes in two weeks.

Mrs. Mary Myers, of Shawnee township, yesterday entertained Mrs. Wm. Price, of Deshler, and Mrs. John Mack, of south Central avenue.

Mrs. Platt's Sunday school class of Grace church, gives a social at the market house this evening.

South side Church of Christ Sunday school class No. 4 will hold a lawn social on the Hitchcock-Fletcher lawn, 600-604 south Pine street, this evening.

The Crossley block is being repainted today.

Mrs. W. E. Hess, of west Kibby street, left this morning for an extended visit with Mrs. J. C. Graham, at Kensington, Conn.

Mrs. Samuel Sheets, of south Main street, went to Findlay this morning.

Miss Goldie Carr has taken a position as clerk at Baker's bakery, south Main street.

Bos. Heiseme, of south Metcalf street, has bought a 200-acre farm in Oklahoma, and will move to it.

Robert Cusac, of south Main street, is entertaining his grandmother, Mrs. John Cusac, and his aunt, Mrs. W. J. Cusac, and a brother, L. L. Cusac, of Findlay.

Murice Mulbrey, of south Union street, who was injured some time ago in a railroad wreck, has again been taken to the city hospital.

Mrs. Shunk, of Dayton, is visiting Mrs. Amos Keller, of east Eureka street.

No one would ever be bothered with constipation if everyone knew how naturally and quickly Burdock Blood Bitters regulates the stomach and bowels.

LEGAL COSTS CONSIDERED.

SUPREME COURT DECISIONS.

Columbus, June 15.—The supreme court has decided these cases:

The National Life Insurance Co. vs. Louis Hanner, administrator, Lucas county. On re-hearing. Former judgment set aside. Judgments of the circuit court and of the common pleas reversed and judgment for plaintiff in error on the undisputed facts. Davis Shauck, Price, Crew and Summers, concur. Spear, C. J., dissents on the ground that the rendition of the judgment for plaintiff in error results in a denial of the constitutional right of trial by jury. It substitutes the judgment of five men selected to pass upon questions of law for the judgment of twenty-four men, (two juries) selected especially for the determination of questions of fact, supplemented by two judges of the common pleas and of three judges of the circuit courts, all of whom are also selected for the duty of determining questions of fact.

The Aetna Life Insurance Co. vs. Louis Hanner, administrator, Lucas county. On re-hearing. Former judgment set aside. Judgments of the circuit court and of the common pleas reversed and judgment for plaintiff in error on the undisputed facts. Davis, Shauck, Price, Crew and Summers, concur. Spear, C. J., dissents on the ground stated in No. 818.

Charles Stimmel, alias etc., vs. Ohio for leave to file petition in error to the circuit court of Montgomery, overruled.

The State of Ohio vs. Alfred A. Knapp. June 24, 1904, fixed for oral argument. Knapp is allowed to file a petition.

WEATHER.

Washington, June 15.—For Ohio: Cloudy tonight and Thursday; probable showers Thursday.

Judging from many columns of salacious, but bad family reading, running recently in the daily papers of the country, the elderly gentlemen of means inhabiting New York city, are easy marks for designing women.

The Columbus Press commenting on the flag proclamation, says:

"Governor Herrick issued his flag day proclamation too late to make it effective. Republican administrations are prone to forget the flag until along toward election time, and then they claim sole proprietorship."

Sharply at 2 o'clock, next Wednesday afternoon, the republican national convention will take up the delegate contest in Wisconsin. And it hopes to settle the Badger controversy that day, in order to have all of Thursday to devote to the bloody fight in the Fourth Ohio congressional district.

As predicted by the Times-Democrat at the time of his removal from the postmastership at St. Marys, Hon. J. L. Sullivan has been taken care of by the Dick-Herrick-Cox combine. Yesterday he was given a place on the republican state executive committee which carries with it the right to make a contribution of the sinews of war, and then to set idly by while Dick writes checks and manages the campaign.

Taxpayers in Cincinnati, the home of George B. Cox, sub rosa author of the municipal code, have been advised that the tax rate of that municipality for the coming year will be advanced under the benign influence of the blessed code, from 2.75 to 4 mills. The same condition prevails in every city in Ohio without exception, and there are many people who are beginning to think the state has had long enough republican rule.

Wall street announces that it is preeminently satisfied with the appointment of Attorney General Knox as senator to succeed Quay. By the change, three birds are killed with one stone. Knox is removed from a position where he could enforce anti-trust laws; the president can secure campaign funds from Wall street in return for the change, and Moody, who is to be appointed attorney general to succeed Knox, is just the fellow the money kings want, because they know he can be used.

SOUNDS LIKE SMOOT.

Mr. Roosevelt says that the woman who is the mother of ten children is superior to the president of the United States. This charming bit of modesty is as delightful as it is unexpected.—Salt Lake Herald.

PUT YOUR EAR TO RECEIVER.

Apropos of the circulation of a petition by the Independent Telephone Company doing business in this city, to increase its monthly residence phone rate from $1.50 to $2.00, the supreme court of Ohio, yesterday, handed down an important decision. Sometime ago, the city of Findlay granted a franchise to a home company, on condition that the phone rate per month should be $1.00. Later the company saw fit to advance the price to $1.50 per month. A suit followed favoring the telephone company. This decision the Ohio supreme court sustained. It would seem therefore that contracts made by cities can be annuled at will, and that they are at the mercy of franchise corporations.

There is, however, another court—one of last resort. Telephones can be ordered out by subscribers, when the rate is advanced beyond the price agreed upon.

CORONER FINDS EMPLOYEES GUILTY

Of Causing Death of Passengers in the Fatal Collision on Electric Road at Norwalk. They Violated Running Rules.

Norwalk, O., June 15.—Coroner Martin today rendered his verdict in the investigation held by him of the wreck on the Lake Shore electric, wherein Neil Sullivan, of Binghamton, N. Y.; W. W. Sherwood of Cleveland; W. P. Stevenson of Alliance, Ohio; Thos. Sweeney, of Toledo; Ralph Williams, of Indianapolis, and Clarence Ketcham, of New London, Ohio, were killed. The coroner finds: That the deceased came to their deaths on June 2, 1904, by reason of injuries received in a collision between train 193 (an express) and train 202 (a limited) on the Lake Shore electric railway, near Wells Corners, Norwalk township, Huron county, Ohio; and I further find that said collision resulted from the gross carelessness and negligence of the motorman and conductor in charge of said express train 193 in failing to observe the rules of the company, and especially rule 148 of the general rules of said company, governing employes, said rule being in form as follows: "Express trains, work trains, and extras must keep out of the way of regular trains and clear their time at least five minutes."

RAISULI VASTLY ENLARGES DEMANDS.

Washington, June 15.—A serious hitch has occurred in the negotiation for the release of Perdicaris and Varley, the American and Englishman captured in Tangier by the bandit Raisuli. The details as communicated to the state department by Consul General Gummore indicate that Raisuli has vastly enlarged his original demands. He now insists upon absolute control of no less than four Moorish provinces and besides demands that no less than three nations, including the United States, guarantee the absolute performance of the Sultan's promise. The demands are regarded as absolutely impossible of compliance here, notwithstanding what effect the refusal may have on the fate of the captives.

DEATH STALKS IN FIRE.

(Continued from page 1.)

CAPTAIN

Of Ill Fated Steamer Tells of Efforts To Save.

New York, June 15.—Captain William H. Van Schick, captain of the Slocum, who is at the Alexander avenue police station, said:

"The Slocum left the foot of east Twenty-third street at 9:30 a. m. There had been collected from those on board, nine hundred and eighty-two tickets. The boats passed slowly up the river, through Hell Gate, and over toward Sunken Meadows. I ordered my men to get a stream of water on the blaze, and they were doing their utmost.

"The fire was under the forward boilers on the port side, as I made it out in the excitement. My men were exerting their efforts toward keeping the passengers from jumping overboard. The fire was gaining every instant, and the cries of people burning to death could be heard above every other discordant sound. I got the boat under way direct for North Brother Island, which was the safest place to attempt to land. The boat was driven on under full speed, and pulled up side waise to the shore of the island. Many had jumped prior to this. Many were jumping every instant. My pilots Ward Van Wert and Edward M. Weaver, were doing everything to get safely toward shore, and Engineer B. F. Conklin stuck in the hold. Mate Edward Flanningan had charge of the fire brigade, but when the fire spread over all, we had to get off the boat. My hat was burning when I jumped and I was pulled out of the water and hauled upon shore under a tree before I remembered what had happened."

No identification was possible as the first bodies were recovered, as they were picked up at so many different places, many being found along the shores and on the islands in the East river. They were brought together in the most convenient places, all being carefully numbered and everything possible for later identification being done. The tugs and other boats which rescued many from the burning steamer and from the water, landed them at the nearest points, and returned to the scene of the disaster in hope of rescuing others. This made it almost impossible to learn who had been rescued and added to the fears of those seeking to learn the fate of friends or relatives.

Seventeen bodies, eleven unidentified women and six unidentified children, all under five years old, were taken to the Alexander avenue station within less than an hour after the fire had broken out.

The docks at One Hundred and Thirty-second and One Hundred and Thirty-eighth streets are said to be piled high with the bodies of the dead.

One man who was saved and taken off at 138th street crazed with grief, stated that he had lost his wife and six small children. When a policeman tried to learn his name he rushed away, seemingly insane.

Death List.

New York, June 15.—Up to 1:45 twenty-six unidentified bodies had been listed. All were women and children.

Bulletin.

New York, June 15.—Capt. Wm. Van Schaeck who commanded the Slocum, has been arrested.

FIGHT FOR COMMANDER

Has Settled between Comrade Moulton and Colonel Dewstoe, of Cleveland.

Tiffin, O., June 15.—A large parade was the feature today of the state G. A. R. encampment. It was participated in by about 10,000 persons and civic and allied organizations joined with the veterans. G. A. R. commands from 34 districts of the state were in line. The city bore gay decorations in honor of the veterans. The report of the department adjutant general shows that there was a net loss in the state in 1903 of 2673 membesr. The previous year there was again of 27. January 1, 1903, there were 602 posts, with a membership of 27,853; January 1, 1904, there were 582 posts, with a membership of 25,180. Since then two more posts have been dropped.

The fight for department commander has settled between Col. Dewstoe and Comrade Moulton.

UNIQUE EVENT AT OLD ATHENS.

Preservation of American Home Is Conserving Element in National Prosperity.

Athens, O., June 15.—The centennial of Ohio University, and a unique home coming, organized by Geo. A. Beaton, of New York, and a native of Athens, were combined in one celebration here today. Beaton provided a dinner for more than 3,000, and had it served in a tent on the university campus. Admission was by ticket. Each guest was served with a souvenir box with nine compartments, into which were placed the different portions of the menu. Coffee was also served.

Judge Judson Harmon, of Cincinnati, made the first address, commenting on the home coming and pleading for preservation of the American home as the sure conserving element in national prosperity.

Other speakers were Bishop David H. Moore, and Bishop Earl Crandon, of the Methodist church, both natives of Athens, and Judge A. D. Follette, of Marietta. General Chas. H. Grosvenor presided.

SAVINGS BANK FACES A RUN.

Officials Declare They Are Ready to Pay Depositors as Books Are Presented.

South Frankingham, Mass., June 15.—When the doors of the Farmers' and Mechanics' Savings Bank here were opened for business at 9 o'clock today, fifty or sixty depositors were in line waiting to withdraw their funds. News of the run of the previous two days had apparently spread to Saxonville, Hopkton and other neighboring places as depositors from those localities appeared to be in the majority at the bank's doors. The bank officials said they were ready to pay depositors with all interest due, as fast as books were presented. About 200 depositors had withdrawn about $40,000 up to this morning.

Exercises of St. Rose School to Be Held Tonight.

Graduation and Closing Exercises Will Be Held in Opera House Next Tuesday.

Tonight at 8 o'clock, the graduating class of St. Rose high school will hold their class day exercises in the basement hall of the school on north West street. The exercises promise to be interesting and the friends of the school are cordially invited to attend. The graduating and closing exercises of the St. Rose schools will be held in the Faurot opera house next Tuesday evening, June 21. The play which the children will take part in this year is of a very high order and promises to be very entertaining. The tickets for the same are now being sold by the children.

PURCHASED

Stock of Hughes & Cameron the Jeweler.

McDonald & Co. Take Possession and Will Fit Up a Handsome Place of Business.

A business deal of considerable importance was consummated yesterday evening, when McDonald & Co., the jewelers, purchased the stock and good will of Hughes & Cameron, just north of the public square. Mr. McDonald stated this morning that for the present, both of their stores would be operated, but it is likely that the stock in with Dr. Melville's drug store will be added to the one just purchased and one of the handsomest jewelry stores in Northwestern Ohio will be the result.

The room occupied by Hughes and Cameron will be improved with a new front, and fitted up with new fixtures in addition to those now in use, thus giving the firm a better chance to display their several lines of fancy goods and jewelers notions.

ATHLETIC TOURNAMENT

Given on Royal Grounds in Honor of American Fleet—King Carlos Present.

Lisbon, June 15.—There was an athletic tournament in the royal grounds here, yesterday, in honor of the American fleet. King Carlos attended and won the tennis match, shot pigeons and did remarkable shooting with a pistol. Four men from the flagship Kearsarge and the Alabama had boxing contests at the king's request.

King Carlos, who takes great interest in athletics, remained on the grounds from 1:30 until 7 p. m. The combined bands of the fleet furnished the music. There was a large attendance including Rear Admiral Barker, United States Minister Bryan and other diplomats. Admiral Barker today will give a dancing reception on the Kearsarge in honor of Lisbon society.

THE IDLER.

Dr. R. J. Thomson delivered a lecture on Porto Rico to the people of New Stark, Ohio, last night. His letters, published in the Times-Democrat, bearing on the new possession were widely copied and favorably commented on for the intelligent and honest manner in which conditions in that country were commented upon, and they are giving Dr. Thomson wide spread and enviable notoriety.

Wm. Wemmer, the "tobacco king", and a friend from Cincinnati, went to McCullough's lake at 4 o'clock this morning to spend a few hours in fishing. All went well until Mr. Wemmer got a vigorous bite from a good sized bass and in his excitement in pulling the fish out, he fell overboard. His friends rescued him and promised William not to say anything about it, but it was too good to keep.

l a Program

nuine Merit Was Listened to.

ses Held in the Chapel ll in Presence of a Large Audience

Senior Class Distinguished iselves in the Production Orations Which Were Ably Prepared.

ost important and interesting of the school year, was ren- is morning in the chapel hall, ollege, where a large audi- sisting of parents and friends graduating class and others e the best interests of the col- heart, assembled for the pur- hearing a varied and artist- idered program.

xercises were begun by a se- from the Lima College or- played in their usually de- way. This organization is of artists and would do good institution. After prayer had ered by Rev. J. H Hunton, ice Stockton sang a beautiful entitled, "If I Were a Rose." ung with feeling and expres- was enthusiastically receiv- e audience. The next on the was Miss Ethel Beiler who "The Power of Human Sym- Miss Beiler was at her best the attention of her audience out the entire speech by her thought and pleasing deliv- mpathy is on the increase. It broad sympathy and unselfish- Abraham Lincoln that made him what he was. Selfishness is the direct curse to self, while on the oth- er hand sympathy and interest in others is the true fountain spring from which flows all happiness.

Miss Alice Stockton then spoke on "The Insignificance of Man" She compared man with the wonderful works in nature, bringing out the contrast well. Instinct acts more rapidly than reason Instinct belongs to the animal while man alone has the power reason. God directs animal instinct, man tries to guide himself by his reason and fails Man is proud of the wonderful achievements in science, literature, and art, yet we know that God has endowed man with power to do these things. The oration was forcibly delivered and well merited the applause it received.

Miss Helen Badeau followed with the subject, "Tongues." The oration was replete with good, sound advice, and was well delivered. Tongues play an important part in history. Stories have been handed down from generation to generation by word of mouth. Peter the Hermit, by his brilliant oratorical powers influenced thousands of people to join him in the Crusade. Martin Luther by his powerful words, moved a much suffering people to throw off the yoke of bondage. Life is made sweeter and homes are made happier by a right use of the tongue while on the other hand, great unhappiness may result from a vile and slanderous tongue. Use your tongue only for good purposes.

Miss Grace Huntley had for her theme "The Victories of Toil." Miss Huntley is endowed with unusual elocutionary ability and delivered her oration in a most impressive manner She spoke of the majesty of work and the dignity of toil. Leaders in the armies, those who have achieved success in art, the scientific men of renown, and those who have made themselves immortal in literary realms have done so only by perseverance and great labor. Victory never precedes battle. Labor is the lever that moves the world. Turning to nature we find that those plants are most successful which have the power of persistency and endurance.

The vocal solo, "O For a Burst of Song," which was next on the program was rendered most artistically by Miss Helen Badeau. This singer is so well known to Lima audiences that any word of praise on our part would be superfluous Suffice to say her singing was up to the usual high standard.

Rev. H Arbaugh who graduated with the class was excused from speaking, being at the Chicago seminary at present, having finished his work here last December. After the presentation of diplomas by the president, the doxology was sung and the benediction was pronounced. Thus passed into history the class of 1904 These four young ladies and one gentleman have by their charming personality, and pleasing manners endeared themselves to all with whom they have come in contact and it is safe to predict for them a brilliant future

Yesterday morning, the Lima College Asociation met in annual session for the election of officers and of discussing matters of various importance. The following officers were elected.

President, Rev. J. C. Schacht, Columbus, Ohio; Secretary, T E. Assenheiner, Lima, Ohio; Treasurer, Rev. Carl Ackerman, Lima, Ohio; for members of board of trustees for term of five years: Rev. G. M. Schmucher, Canton. Ohio; Rev. J. Born, Stony Ridge, O.; Mr. Aaron Albert, Lima, Ohio; and Rev. W. H. Lehmann, of Bellevue, O. Various matters of importance were transacted after which the association adjourned.

In the evening the alumni rendered a very pleasing program in the presence of a fair-sized audience. Tonight the alumni gives its annual banquet.

DOMESTIC

Drama Enacted on a Market Street Car.

Hubby Had the Best of It for a Moment,

But a Woman Is Generally There in an Emergency, and She Managed to Turn the Table Completely.

Passengers on a west Market street car, yesterday evening about a quarter of eight, were permitted to enjoy a scene of domestic infelicity, which no doubt had its beginning at home over an argument as to whether hubby should go down town last night. The first to appear on the stage was the husband, who sat down with an anxious but determined look, and a second later their plumped down beside him a woman who was hatless, breathless but not by any means nerveless. Neither spoke a word, but there were daggers floating in the minds eye when the conductor approached to collect the fares. The man paid his nickle, but the woman, who showed by her appearance that she had made a rush from the kitchen, not even stopping to discard a gingham apron, had no money. The man refused to pay her fare, and she as determinedly refused to get off. The conductor saw he was up against it An attempt to eject her would certainly have caused a muss, and the husband in such an emergency might naturally have buried his anger against his wife and vented most of his wrath on the man in brass buttons The car was stopped for a further parley, but the conductor wisely concluded that he would run his car to the square and turn the woman over to the authorities. This aspect was a new feature, and the woman said she would get off. As the car slowed up, she made a sudden grab for hubby's hat and left him looking like a five cent piece with a hole in it, while the passengers grinned their delight over the sudden turn of affairs. At the next stop the man made a shamefaced exit, not carring to get off at the pub lic square where he might meet friends that are sometimes too inquisitive.

DANCE TONIGHT

At tMcBeth's Park and at the auditorium.

Men's Club of First Baptist church will meet Friday evening, June 17th, at the home of W. H. Havil, 133 west Wayne street. As there will probably be no meetings during the months of July and August, a large attendance of men of the church is desired.

MOTHER

Of Judge A. D. Miller Is Slightly Injured.

Sometime during last night the venerable mother of Judge A D Miller fell down stairs, and was either walking in her sleep or stunned into unconsciousness, for she did not know of the accident which befell her, and supposed she had dropped to sleep at the foot of the stairway. She was assisted to bed, and this morning it was discovered that her head was severely bruised but the accident fortunately had no serious consequences.

PLOT TO KILL.

Columbus, June 15—One of the condemned men in the prison annex this afternoon confessed that murderer Louis Harmon was the ringleader in a proposed plot to kill Warden Hershey. The plan was to attack the warden in the prison yard. This idea was abandoned to carry out Ben Wade's scheme for all annex prisoners to escape.

IN SERIOUS CONDITION.

Ex-Governor Nash Suffers Attack of Heart Trouble. Result May Be Fatal.

Columbus, June 15.—Ex-Governor George K Nash is in a serious condition at his Jefferson avenue home. He has lost strength steadily the past two months and last night suffered an attack of heart trouble from which he rallied with great difficulty He had been confined to his bed since Sunday night and much alarm is felt at his present condition.

IN HURRY TO DIE.

Columbus, June 15.—Louis Harmon, murderer, attempted suicide today while in solitary confinement in the penitentiary as punishment for his attempt to escape Monday night. Harmon hung himself with his suspenders. He was unconscious when found. This is Harmon's fourth attempt, and when revived he expressed regret that the job was not more successful.

LAKE STRIKE IS AT AN END.

District Captain Advises Masters to Accept Positions Wherever They Are Offered.

Cleveland, June 15—There was a rush of masters to secure berths today as a result of the advices sent out by District Captain Howell, of the Master and Pilot's Association last night, telling members to accept positions wherever possible. While there is a disposition on the part of the mates to hold out in some quarters in order to make terms separately from the masters with the owners, the latter declared today that they were securing all the mates that could be used The mates held meetings at a number of harbors today, to consider their position, and to vote on the proposed affiliation with the International Pilots' Association. A number of vessels belonging to the lake carriers association cleared from Cleveland and other lake ports today with full complements of officers A prominent vessel owner said today that many masters would be unable to secure boats during the present season

CROP CONDITIONS CONSIDERED FAIR.

Washington, June 14.—The weather bureau weekly summary of crop conditions is as follows:

In the central and western gulf states favorable temperatures prevailed during the week ending June 13, but elsewhere east of the Rocky Mountains and on the north Pacific coast complaints of insufficient heat are quite general, while hot, northerly winds have caused further injury to nearly all crops in California. There has been too much rain in portions of Texas, Arkansas, Oklahoma, Kansas and North Dakota, and also over the northern portions of the middle Atlantic states and New England, while lack of moisture is beginning to be felt in the Ohio Valley and portions of the upper Mississippi valley and upper lake region. In the last named districts, however, the conditions were very favorable for farm work. Frosts on the 11th, in the middle and northern plateau districts and in the eastern portions of Oregon and Washington proved injurious. Throughout Central Valleys and middle Atlantic states, corn has made slow growth, and in Kansas and Nebraska, much of the crop is still weedy, although it is in an improved state of cultivation. In Iowa, Missouri, Illinois and Indiana fields are generally clean, but in the middle Atlantic states, rains have interferred with cultivation. In Texas a good yield of corn is now assurred, and the crop is promising elsewhere in the southern states.

As a whole, winter wheat continues to advance favorably, a general improvement being indicated in the Ohio valley and middle Atlantic states. Some injury is reported, however, by fly from Indiana, from overflows in Kansas, and harvest has been interrupted by rains in Northern Dakota and Oklahoma. Harvest has begun in southeastern Missouri and southern Texas, and some wheat is ready for harvest in southern Kansas, where wet soil has prevented commencement of this work. Wheat harvest is nearly finished in the south Atlantic and east gulf states. On the Pacific coast, winter wheat has done well except in California, where it has suffered from hot winds. In the last named state, harvest has begun with generally light yields.

Spring wheat continues to make satisfactory progress, and is in very promising condition.

Nearly all reports respecting oats indicate that the outlook for this crop is very promising. Oats are now heading as far north as Kansas, Missouri and Tennessee.

MANY GIVEN NEW DEGREES.

Sixty Hundred and Fifty Students Graduate From University of Pennsylvania.

Philadelphia, Pa., June 15.—The commencement exercises of the University of Penna. were held today in the Academy of Music and in addition to the 650 students who received diplomas, seven distinguished men were presented with honorary degrees. Interest centered in Sir Frederick Treves, surgeon-in-ordinary to King Edward, who was enthusiastically received by the assemblage. He received the degree of L. L. D. Other honorary degrees were conferred as follows:

Doctor of laws—Henry Pickering Bowdith, Professor of Physiology, in Harvard Medical school; Dr. H. C. Woods, Professor of Sacred Theology; Rev. R. H. Nelson, Bishop-Coadjutor of the Diocese of Atlanta; Doctor of Science, Russell Henry Chittenden, Professor of Chemistry at Yale University; Geo. Dock, Professor of Theory and Practice of Medicine at the University of Michigan.

PROFESSOR SIKORSKY WILL DISPROVE MURDER.

Kieff, June 15.—Professor Sikorsky the lecturer on mental disease, of Kieff University, is preparing a voluminous work to disprove the existence of ritual murders, stories regarding which have frequently inflamed the ignorant to anti-Jewish riots, like that at Kishineff. The professor was commissioned by the high courts to investigate the celebrated case of the alleged ritual murder at Doubossary, his conclusion being that the charge was unfounded. His view of the case was vindicated at the trial.

SCIENCE FAR NORTH.

A station which is to be maintained at the service of scientific observers has been erected 130 miles north of the Arctic circle in Sweden. It is near the track of the Ofoen railroad, the most northern railroad in the world, which was opened just a year ago between Lula, on the Gulf of Bothnia, and Victoria Haven, on the Atlantic.

The road is being operated the year round for the transportation of iron ore to the Atlantic for shipment. The station may thus easily be reached at any season of the year.

In summer they will be engaged chiefly with geological and biological researches, while meteorological, magnetic and other studies fitting the times will occupy them in winter. The experts in natural history who will occupy the station next summer will be the geologist, Westergren; the botanist, Roman, and an expert in forestry.

The money to build the station was contributed by a wealthy man of Stockholm, and funds for its maintenance have been supplied by other private subscriptions.

The station is on the threshold of Lapland, which is still almost unknown, because it has been so difficult to reach it with supplies adequate for a long journey. The railroad and station will facilitate the exploration of this region.

The study of its geology promises particularly rich results, for there is little doubt that the bleak surfaces of Lapland conceal large mineral wealth. This is the opinion of all scientific men who connect what is known of its geology with the great discoveries of the richest of steel-making ores along the line of the railroad. The Arctic railroad is also to serve another important purpose. Plans have already been adopted for building a sanatorium on the shores of the beautiful Torea lake, whose southern edge is skirted by the railroad. It is intended for consumptives and other patients who may need such an opportunity to breathe the purest of Arctic air.—Philadelphia Ledger.

IT'S ALWAYS BAD.

The Best of Backs Are Bad When They Ache and Lima People Know It.

A bad back is always bad.
Bad at night when bedtime comes.
Just as bad in the morning.
Ever try Doan's Kidney Pills for it?
Know they cure backache.
Cure every kidney ill?
If you don't some Lima people do.
Read a case of it:

R. Edwards, of 416 east North street a machinist employed at the D. & M. railroad shops, says: "I was troubled for a long time with my back and kidneys, and it was only after using Doan's Kidney Pills sold at W. M. Melville's drug store that I got a remedy that was effectual in relieving me. I suffered much from constant aching pains through my loins and if I stooped, sharp twinges of pain caught me. The kidney secretions were irregular, unnatural and distressing. It was from the fact that I know others here in town who found Doan's Kidney Pills reliable and effective that I concluded to try them. I am now glad that I did for they relieved me promptly and effectually."

KAISER'S WONDERFUL CLOCK.

More than a year ago when Germany began to make preparations for the St. Louis Exposition, the Kaiser gave orders that the German house at the exposition should be ornamented with a large clock which would rival if not excel the wonderful work of art made by Cassieri, which may be seen by visitors to Versailles. His Majesty called together a committee with Prof. Otto Rohloff at its head and several times he met the members of the committee and expounded to them his views as to how the clock should be made, placing before them numerous drawings by his own hand. The clock is now ready and the Kaiser has seen it and pronounced it the finest work of its kind in the world. It will decorate the German house during the exposition and will then be a prominent ornament in the Berlin palace. The clock is built in chaste baroque style and is made of fire-gilded bronze. It rests in a socket of green Greek marble. From the center of the four feet supporting it rises a knotty German oak with a dragon at its roots.

The tree grows higher and in its upper branches is an eagle's nest, the eagle and its brood staring at the rising sun. This represents morning. On another branch are two owls as symbols of night. Joining the four feet is an imperial crown with the initials "W. II." On the colored glass forming the doors of the body of the clock are depicted little cupids swimming about the clouds.

Arrested in This City on Charge

Of Robbing Postoffice at De Graff Found Guilty.

Miley Given Five, McCoy Four and Jones Three Years—This Is Miley's Third Trip for a Like Offense.

The jury in the United States district court in the case of Charles McCoy, William R. Jones and Wm. Miley, brought in a verdict of guilty to the charge of breaking into and robbing the postoffice at DeGraff, O.

The passing of the sentence was deferred until late yesterday at which time Judge Thompson sentenced Miley to 5 years in the penitentiary, $100 and costs; McCoy, four years, with $100 and costs, and Jones to three years, same fine, all at hard labor.

This is Miley's third term in the Ohio penitentiary for robbing a postoffice, while McCoy has served one term.

The three were arrested in this city by Postoffice Inspector Kyle, aided by local officers.

Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced, pipes are the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by an old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience ad suffering which such injuries entail. For sale by all druggists.

NOTICE TO PAVE.

The following persons whose address is unknown, are hereby notified of the passage of the following resolution passed by the city council, May 31, 1904: W. H. Harper, Eliza J. Sandford, S. M. Marmon.

A RESOLUTION Declaring it to be necessary to improve Cherry Alley in the City of Lima, Ohio, from North street to Market street, by grading, draining, curbing and paving the same. Be it resolved by the Council of the City of Lima, State of Ohio, as follows: Section 1. That it is hereby declared to be necessary to improve Cherry Alley in the City of Lima, Ohio, from North street to Market street, by grading, draining, curbing and paving the same. Section 2. That in the making of said improvement there shall be used a first class quality of vitrified paving block, upon a six inch concrete foundation, and that there shall be constructed upon both sides thereof, where necessary, between said points a Portes sand-stone curb, all in accordance with the plans, specifications, estimates and profiles heretofore prepared by the City Engineer and now on file in the office of the Department of Public Service, which said plans, specifications, estimates and profiles are hereby approved. Section 3. That the grade of said alley between said points after the completion of said improvement shall be the grade shown by the plans, specifications, estimates and profiles for said improvement heretofore prepared by the City Engineer and now on file in the office of the Department of Public Service. Section 4. That the whole cost of said improvement, less the cost of the public alley intersections, and two per cent of the total cost, which shall be paid out of the General Revenues of the City, shall be assessed to the several lots and tracts of land fronting or abutting upon said Cherry Alley between North street and Market street, in proportion to the number of feet each of said lots or tracts of land fronts or abuts upon said alley between said points; and the cost of said improvement shall also include the expense of the preliminary and other surveys and of printing and publishing the notices, resolutions and ordinances required, and the serving of said notices, the cost of construction and all other necessary expenditures. Section 5. That the assessments so to be levied shall be paid, in accordance with the prayer of the petition for said improvement, in cash within thirty (30) days from and after the passage of the assessing ordinance therefor. Section 6. That the remainder of the entire cost of said improvement, not specially assessed, including the cost of intersections, together with the cost of any real estate or interest thereon, purchased or appropriated, and the cost and expenses of any appropriation proceedings therefor, and the damages awarded to any owner of adjoining lots and interest thereon, and the cost and expenses of any such award, shall be paid out of the Special Street Improvement Fund of the City of Lima, Ohio. Section 7. That the clerk of said council be, and he is hereby directed to cause notice of the passage of this resolution to be given in the manner provided by law. Adopted May 31, 1904. Geo. L. Newson, President of the Council. Attest: O. J. Rose, City Clerk. Approved June 2, 1904, Theo. D. Robb, Mayor of the City of Lima, Ohio. june 9-16

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of a hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

No More Women Need Be Sick.

Zon Phora Will Restore You to Health and Strength and Happiness—Has Cured All Who Used It—Will Cure You.

FREE TRIAL BOTTLE TO ALL WOMEN.

Zon Phora is sure enough "The Woman's Friend." This is no bald, grandiloquent statement. It is justified by facts. It is supported by letters of gratitude, joy and praise from every community in the land. Every mail brings these letters and tens of thousands of them are in our possession

MRS. EFFIE BATES, Muncie, Ind.

Zon Phora cures leucorrhea, suppressed and painful periods, flooding, misplacements, piles, all irregularities, liver, kidney and bladder troubles and regulates the change of life. It makes childbirth easy and takes away the dread of that fearful ordeal. It is the greatest blessing of the age for weak and suffering women and has made thousands happy who were dragging out their lives in misery and pain.

Mrs. Effie Bates, Muncie, Ind., R. F. D. No. 1, says: "When a girl I suffered death every month when I came around, even my hands seemed to swell, and I seemed almost blind at times and I was irregular. I would feel as though I would fall backwards and didn't feel safe by myself at my monthly periods. I used some few bottles of Zon Phora and that brought me regular and so that I didn't suffer scarcely any and the queer feelings left me."

Write the Zon Phora Co., Kalamazoo, Mich., for a free trial bottle and copy of their illustrated medical book, "Dr. Pengelly's Advice to Women." The doctor will gladly give free special advice when needed. Zon Phora is for sale at $1.00 a bottle by all druggists.

No doctor could use a better remedy than this in a case of cholera morbus. it never fails. Sold by all druggists.

A CANVAS VILLAGE.

Enormous Tents Containing a Universe of Wonders.

Much difficulty is experienced by the average person in comprehending the vast extent of the enormous tents carried this year by the Barnum and Bailey Greatest Show on Earth. The interior arangements of ring, elevated stages, hippodrome racing track, aerial apparatus and the presentation of the magnificent spectacle of the Dubar at Delhi are not readily understood. Fully 15,000 people can be comfortably seated and every visitor have a footrest. There are three circus rings, each forty-two feet in diameter, for the marvelous equestrian displays by the champion circus riders.

Between the rings are the elevated stages for olympian games and sports, and surrounding these again is the racing track forty feet wide where the desperately contested races of all kinds take place The dressing-room tent occupies a space just back of the big tent and is two hundred feet long The menagerie tents are three hundred and fifty feet long and beneath them are gorgeous carved golden cages containing probably the largest and finest specimens of strange wild beasts ever seen together at one time The elephant pavilions contain three herds of these leviathans, two droves of camels, a herd of giraffes, forty Shetland ponies, and all the sacred animals and queer creatures collected in tropic climes There are again barbers', wheelwrights', blacksmiths', and other tents, and six additional canvasses for the exhibition of four hundred and eighty fine-bred horses, among which are Percherons, Clydesdales, Norman, Kentucky and Arabian thoroughbreds, etc, etc.

When the great spectacle of the Durbar occurs, with its four hundred gorgeously costumed and armored characters, the whole space inside the mammoth tent is required, for all are seen at one time.

The beauty of the spectacle far surpasses anything that has been said of it. It is a continual feast to the eye—a glow of dazzling color, yet withal so admirably planned that nothing jars on the taste; the hues, in whatever combination they are arranged, blend with each other in the most soothing harmony, exceeding all you ever saw and some that you may have dreamed of in the kaleidoscopic casings of a fever

This gives an idea of the immensity of the production for all around the track march the various bodies of men, women and animals engaged in the spectacle. It is an epitome of the Durbar open wide before the eyes of the spectator. He sees warriors, priests, priestesses, magistrates, Rajahs, Moguls, Begums, guards, barbarian and free, all in the garb that has been seen in the streets of Delhi for centuries past. Not only are the costumes correct but they are rich. There is nothing about them which on close inspection discloses tinsel and shoddy. It is an interesting and astonishing scene—representing as it does so much critical, scholarly research, such artistic plan and design, such lavish outlay, and it will all be seen here just as represented, on Monday, June 27th, with the free street parade in the morning.

ANGORA GOATS.

George F Thompson of the bureau of animal industry, says a considerable number, but not many thousands, of crossbred Angoras find their way to stock centers, such as Chicago, Kansas City, Omaha, Buffalo and New York, and are there sold to the packing houses, if in good condition. They are purchased at a price slightly under that paid for sheep, and are disposed of in the carcass and sometimes in canned form as sheep mutton. These goats are usually some that have served a good purpose in clearing up brushwood, and becoming fat on it, are worth more as slaughter animals than to sell to some other person for brush clearing.

The greater number of persons who are engaged in the Angora goat industry at this time—and the number of such will continue to increase—have a much better quality of goats than those that find their way to the market in considerable numbers. They have animals that will yield a fleece worth from $1 to $3, and their value as destroyers of brushwood and weeds and as fertilizers of the land must be added; besides, the does raise kids that are worth $3 each. The wethers produce a better fleece than the bucks Only undesirable animals for breeding are sold for mutton.

"It is obvious," says Mr. Thompson, 'that the most desirable market is the nearest one, as it is with any other produce. I have not heard of a single instance where a home market has not been found without difficulty for all the goats that have been offered, and, too, no instance where the purchasers of such meat have not been entirely satisfied. I think I am perfectly correct in saying that there will be no glut of the market with goat meat within a decade. Even now, many hotels would serve it if they could obtain a supply, and dining cars on some of the railroads have already made efforts to contract for a steady supply. There may be still some prejudice against Angora mutton, but it is not in evidence. It seems that if any such mutton is available it is taken at once"

LOOK AS THOUGH NOTHING HAD HAPPENED.

Cripple Creek, Mich., June 15.—With the resumption of work in the mines the streets of all the cities and towns in Teller county have taken on their normal appearance. A man with a rifle is now rarely seen, although many are carrying revolvers. On the surface there is no longer the least reminder of the stirring times of last week.

THREE

Men Dead and Two Wounded.

A Deadly Feud

In a Small Town in Indiana.

Shooting Began Without Preliminaries, But Was Generally Expected.

Each of Five Men Engaged Drew Revolvers, and Each Side Advanced, All Firing Rapidly.

Bryansville, Ind., June 15.—Three men dead and two wounded, one fatally, as the result of a fight on the streets of the village late yesterday. The dead are James and Chas. Rout and Milton Tow. James Tow is fatally wounded and Frank Tow is badly hurt.

The fight was the culmination of a feud between the Rout and Tow families, Routs live at Bedford, 8 miles from Bryantsville, and the Tows are farmers, living near here The Tows are relatives of the Tow family which participated in the bloody Tow-Bass feud some time ago.

A free gravel road election was held here today, and the village was crowded with farmers. There had been considerable drinking and when the Rout brothers drove into town and passed the Tows, who were standing near the election booth, trouble was looked for.

Five minutes after the Routs reached town, they were seen approaching the election booth. The Tow brothers stood about ten feet apart awaiting the arrival. There is a dispute as to whether there were any words before the shooting began, and it is also in doubt as to who fired the first shot, but it seemed to be recognized by all the participants that it was a fight to death. Each of the five men drew revolvers and each side advanced, all firing. The men were not fifteen feet apart when the firing ceased. On the ground the two Rout brothers and Milton Tow lay dead. Jas Tow was prostrate, fatally hurt and Frank Tow, though able to stand, had a bullet in his arm and another in his side. The crowd had scattered when the shooting began and none of the bystanders was struck, although more than 25 shots were fired.

The smile of a young woman on the Tow brothers caused the killing.

NOW IS THE TIME TO INVEST

In a good honest proposition that the organizers have used their own money for two years to develop and demonstrate the great value which their mines contain. They have not asked the people to put their money in to experiment with, but have gone on with their own money until now they know and have the great wealth before them to show for itself. A vast amount of money has been invested in machinery, buildings and labor, to accomplish what most other mines have not done; besides they have 20 claims or 400 acres of land, and are only incorporated for $1,000,000, while many other companies having far less holdings and much less showing, incorporate for $5,000,000 or $10,000,000 capital, and have no work done, no machinery or buildings to commence with, while the Black Rock Gold and Copper Mining Co., have a double compartment shaft sunk, plenty of timber and running water on their own land, and are now offering a limited number of shares for sale to erect a smelter. Shares are fully paid and non-assessable. Every dollar invseted, will go towards erecting a smelter and putting the mines on a paying basis. They owe no debts, no preferred or promoters stock issued. All stocks are in the treasury, except those sold for cash. For further information call on the Ohio Investment & Trust Co, 231 north Main street, or write the Black Rock Gold and Copper Co., 733 Chicago Stock Exchange building, Chicago, Ill. 1t

OPENED WITH PRAYER.

Brazill, Ind., June 15.—A dance given by the Pastime Club of Knights, was opened with prayer by the pastor of the Methodist church. When the dance was announced, there was a division, followed by warm words, the older members supporting the pastor in opposition. The dance was given last night with the pastor and other members attending in a body, and opening the festivities. The waltzes were played slowly and there was no interruption There is much feeling however.

BOILS

PYRAMIDS OF PAIN

Most Plentiful and Troublesome During Spring and Summer.

It takes warm weather to bring out the hidden impurities, humors and poisons in the system and stir up the sluggish blood, and this is why boils are so common in Spring and Summer. They sometimes come singly, but oftener in pairs and triplets, and even in bunches and clusters, and generally upon the tenderest part of the body. They are the most painful of all skin eruptions, and the blood is in a turmoil, and the system in a feverish commotion from the time these volcanoes of misery begin to form until they burst and the matter is all discharged. But lucky is the unfortunate sufferer who gets off with only one boil, for even if another does not follow immediately, the poison that is left in the blood is bound to collect somewhere else and break through the skin, and these pyramids of pain may be coming and going all through the Spring and Summer.

Some people have an idea that boils are good for the health, that they are evidences that the blood is too rich, but nobody's blood ever gets too rich; neither are boils conducive to health. Impoverished or polluted blood, or a riotous, feverish condition of this vital fluid causes boils, carbuncles, and other dangerous skin eruptions.

Long-continued sickness leaves the blood too weak and sluggish to throw off the bodily impurities and relieve the system of the waste and refuse, which then concentrates at some spot and a carbuncle or boil is the result. To one already enfeebled by disease boils seem to come with more frequency, causing the intensest pain and greatest danger to the already weak and debilitated sufferer.

BOILS FOR OVER 15 YEARS.

Gentlemen:—For over fifteen years I have suffered more or less from Impure Blood. About a year ago I had a boil appear on my leg below the knee, which was followed by three more on my neck. I saw S. S. S. advertised and decided to try it. After taking three bottles all Boils disappeared, and I have not been troubled any since. I feel deeply indebted to S. S. S. for the excellent health I am enjoying, as I have not felt so well in twenty years. You have certainly placed me under many obligations, and I must say that I will always have great faith in S. S. S.

GEO. G. FERTIG,
114 W. Jefferson St., Louisville, Ky.

All skin eruptions, from the sometimes fatal carbuncle to the spiteful little cat-boil, are caused by bad blood, and the only way to avoid or get permanently rid of them is to purify and build up the deteriorated, polluted blood, and counteract the humors and poisons, and nothing will do this so quickly and thoroughly as S. S. S., which is the acknowledged king of blood purifiers and greatest of all tonics.

Where the blood has become impoverished and is poor and thin no medicine acts so promptly in building it up and restoring its richness, purity and strength. The time to cure a boil is before it develops, when it is in a state of incubation or formation in the blood, for boils are, after all, only the impurities and poisons bubbling up through the skin, and this will continue in spite of poulticing and lancing till the blood gets rid of its accumulated poison. The way to stop boils is to attack them in the blood, and this is what S. S. S. does. All danger of boils is past when the blood has been thoroughly purified and the system cleansed of all morbid, impure matter. If you are subject to boils, then the same causes that produced them last season will do so this, and the sooner you begin to put your blood and system in good order the better the chance of going through the spring and summer season without boils or other painful and irritating skin eruptions.

SSS

S. S. S. is guaranteed purely vegetable, and can be taken with perfect safety by old and young, and without harm to the most delicate constitution. It is mild and pleasant in its action, and unequalled as a cure for boils and kindred eruptions.

WAYWARD LIFE ENDS IN DEATH

That Is Believed to Have Been Caused by Morphine Poisoning.

Inez M. Wasson, Known in This City as Fay Barnes, Found Dead This Morning in a Resort on Union Street.

Inez M Wasson aged about 27 years and best known among her associates in this city as Fay Barnes was found dead in bed in her room in a resort at Market and Union streets, about 6 o'clock this morning The startling discovery was made by Florence Young, another inmate of the resort, who went to the Wasson woman's room to awaken her and was horrified to find her rigid and cold in death Clara Green and others residing of the block were called and a man named Chas. Apple, who was notified, summoned Coroner Bice and an ambulance from Bennett's barn

The resort in which the death of the wayward woman occurred is situated at the northwest corner of Market and Union streets, rooms on the second floor being occupied by the Wasson woman and several others. Nothing was found in the room among the dead woman's effects, to indicate that she had contemplated suicide She was seen as late as 10 o'clock last night and from all that could be learned from her associates there was nothing in her actions that seemed to denote any thought of suicide. The remains were removed to Bennett's morgue and a post mortem examination was conducted by Coroner Bice. Dr Hiner and Dr Burton. Evidence of morphine poisoning was found and the contents of the stomach were removed to be analyzed.

Among the articles found in the woman's room were a Prudentiaf Insurance Co. policy, showing that the woman had carried $720 life insurance under the name of Inez M. Wasson, and other papers and letters which indicate that Mrs. Anna T. Hacker, of 628 north Delaware street, Indianapolis, Ind., is the mother of the deceased A telegram was sent to that address conveying information concerning the death.

The deceased has been in this city between two and three years and during that time has been an inmate of several resorts in the north Central avenue and east North street districts.

It was stated today by a caller at Bennett's morgue that the dead woman had been addicted to the morphine habit for some time, which leads to the belief that her death was not an intentional suicide. Coroner Bice will hold an inquest Friday. No response has yet been received from the telegram that was sent to Indianapolis.

SOME MISSING FROM THE FOLD.

School Enumeration Shows a Decrease of Ninety-two Pupils of School Age From Last Year.

If Mr. Watson, who has for several years made the count of pupils of school age and returned the enumeration to the county auditor, is correct in his figures, the report is somewhat discouraging. According to the totals, there are 92 less than last year, in spite of the fact that the spring term found a larger number of applicants to the primary department than in the spring of 1903. Last year there was a decided increase shown by the enumeration and that there should be a decrease now from the grand total is disturbing to say the least.

Last year's report shows that there were 8459 children of school age, of which 4774 were boys and 4296 girls This year's report, which has just been filed, gives a total of 8358, or a decrease of 92.

Auditor Feltz is inclined to take exceptions to the report and while he is unable to offer a remedy, feels satisfied that a mistake has been made somewhere. It would be a difficult and tedious task to check the two annual reports, in order to locate those who are missing, but it is the only way conclusions can be arrived at, and it may be done.

Not only does it mean a loss, or rather a standing still in growth of population, which doesn't seem probable in the light of other events, but it means a loss in income from the state treasury, for the city receives $1.70 for each pupil of school age, which will cut down the revenue for school purpose from that source, $156.40.

STORM

Caused a Runaway on Jackson Street.

Thomas J. Gorman Dragged for a Block, But Escaped Very Serious Injuries.

The nearest to what might have been a fatality during the brief but furious hail storm yesterday, occurred on Jackson street when a horse driven by Thos J. Gorman, a guager in the employ of the Standard Oil Co., ran away and Mr. Gorman was painfully injured.

He was thrown from the vehicle and got caught in the lines, while the horse ran a mad gait down the street dragging Mr. Gorman over the rough road for a full square. At the corner of the street Daniel Gorman ran to his assistance and succeeded in stopping the runaway. The helpless man was removed to his home at 677 north West street, and his arrival was such a severe shock to his wife that she fainted. Mr Gorman was found to be badly bruised, but no bones were broken and he will soon be able to return to his duties.
